

## **Wynola Flats Produce, R&S Honey and Ranchita del Reo**

3962 Highway 78 - (760) 765-1868

Hours of operation: Fri, Sat, Mon: 9-5 and Sunday's: 11:30-5pm

Our children are 4th generational Julianites. We have lots of family for working & support. The Lewis family is not only our landlords but our old dear Julian friends. Their family has owned the land since the mid 1930's and been in the Julian area since late 1800's. Currently we are the last fruit stand operating as a produce/fruit stand in our area. Part of this building, actually the whole back side is an old Santa Fe Refrigeration Car. Yes, we have a real railroad car in Julian!

We have our San Diego Co. Cottage permit and make our own preserves, trail mixes, and much more. My husband had Stage IV colon cancer and became celiac. We work hard with dietary needs so we offer many options & 1st hand experience with gluten free eating. We also try & help others with better dietary options.....AND we do have very wonderful Chocolate made from some of our old family friends. We get our nuts & dried fruits from family members & farmers. I have bee hives & we get top grade honey from small family run beekeepers. AND the BEST is being able to provide 100% local fruit cider that I make from my grandfathers old cider press.

My husband, children & I work hard to keep "old" Julian History and traditions alive! We grow Old Heritage Apples and are very proud of that. We hope you will stop by and see us..... We are proud to be serving our community with fresh agricultural products and also supplying traveling guests quality local fruit that we can proudly say is some of Southern Cal's & Julian's Best!
